- DIY, Part and Full Liveries taken – excellent rates
- Holiday, schooling and breaking Livery available
- Indoor and outdoor arenas available to hire
- Excellent off road hacking
- Island agents for Aquamax bedding and Aquamats
- Regular competitions, clinics and demonstrations

Kennae Equestrian Centre is set in 90 acres of beautiful Manx countryside. From the gentle central valley to the magnificent hills high above St John's, Kennae offers unrivalled facilities for you and your horse.

The Estate has been under new ownership since August 2004 and the current owners have made massive improvements to the Centre, including the construction of a new 61m x 41m all weather floodlit outdoor competition arena. The indoor school has been resurfaced with CushionTrack Premier, direct from the Horse of the Year Show and new car and lorry parking areas have been constructed.

The superb livery facilities are built and maintained to the highest standards, and we consider quality and a first class service to be of highest importance.

Set in beautifully landscaped surroundings, the Centre aims to provide something for everyone: from lead-rein riders enjoying Pony Club games to both affiliated and unaffiliated Showjumping and Dressage competitions on a fortnightly basis. We also hold affiliated shows twice a year.

A cross-country training course is also planned in 2008.

Both our newly re-surfaced indoor school and our fantastic new 61m x 41m all weather floodlit outdoor arena is available for hire to clubs and individuals. Use of our showjumps can also be arranged.

We regularly have visiting trainers for dressage and showjumping, and lessons can be arranged. Please call us for further information.
